## SLAHOC INTERNATIONAL DAY

September 22, room: 202-204

Vancouver, Canada 2026.

6:50am – 7:00am WELCOME REMARKS: Dr. Humberto A. Arrue M.  
(Panama) President, SLAHOC.

### SHOULDER ARTHROPLASTY SESSION

Session Chair: Alberto Rivera MD (Puerto Rico)

7:00am – 7:10am. Management of Glenohumeral Osteoarthritis in the Young:  
From Joint Preservation to Arthroplasty Options – Dr. Juan Martín Patiño  
(Argentina).

7:10am – 7:20am. Reverse Shoulder Arthroplasty in the Young Patient – Dr.  
Jonadan Zapata (Dominican Republic).

7:20am – 7:30am. Can we predict instability in a reverse shoulder  
arthroplasty? – Dr. Luis Salinas (México).

7:30am – 7:40am. Angled Bio-RSA for posterior bone loss in a developing  
country without navigation or robotic assistance – Dr. Fernando Hiramuro  
(Mexico).

7:40am – 7:50am. Bio-RSA in 2026: What Every Shoulder Surgeon Should  
Know. Dr. Rodrigo Marinis (Chile).

7:50am – 8:00am. Metal increased offset reverse shoulder arthroplasty – Dr.  
Carlos Chaves (Ecuador)

8:00am – 8:10am. BIO-RSA or Metallic Glenoid Augments: When and Why?"  
– Dr. Federico Alfano (Argentina)

8:10am – 8:20am. Reverse Shoulder Arthroplasty with the L'Episcopo  
Procedure: Indications, Surgical Technique, and Outcomes – Dr. Carlos  
Clarés (Chile).

8:20am – 8:30am. Humeral Osteotomy for Humeral Stem Revision – Dr. Juan  
D. Lacouture (Colombia).

8:30am – 8:40am. Proximal Humeral Bone Loss: HRP vs APC- Dr. Alberto  
Rivera (Puerto Rico).

8:40am – 8:50am. Individualized Implant Positioning in anatomic total  
shoulder arthroplasty provides excellent mid- to long- term results. Dr.  
Christoph U. Schulz (Germany)

# SOCIEDAD LATINOAMERICANA DE HOMBRO Y CODO

## ROTATOR CUFF SESSION

Session Chair: Humberto Arrue MD (Panama)

Dr. Humberto A. Arrue Montenegro  
**PRESIDENTE**

Dr. Alberto Rivera Rosado  
**PRIMER VICEPRESIDENTE**

Dr. Felipe Reynares Silva  
**SEGUNDO VICEPRESIDENTE**

Dr. Paul Patiño Robles  
**SECRETARIO GENERAL**

8:50am – 9:00am. Current Concepts in Partial-Thickness Rotator Cuff Tears: Surgical Treatment Options for Bursal and Articular Sided Lesions. – Dr. Aroldo Macareño (Venezuela).

9:00am – 9:10am. Calcific Rotator Cuff Tendinopathy: Bridging Inflammatory Biology and Surgical Decision-Making – Dra. Milor Rodríguez (Dominican Republic).

9:10am – 9:20am. PRP in Rotator Cuff Injuries: When Should It Be Indicated? – Dr. Mariano Parisi (Argentina).

9:20am – 9:30am. PRP, Mesenchymal Stem Cells, and Microfracture in Rotator Cuff Repair: What Works? – Dr. Eduardo Malavolta (Brasil).

9:30am – 9:40am. Rotator Cuff Augmentation with the Long Head of the Biceps Tendon: The Rerouting Technique – Dr. Daniel Figueroa (México).

9:40am – 9:50am. Rotator Cuff Tears with Shoulder Stiffness: One-Stage Surgery and the Role of 360° Capsular Release – Dr. Humberto A. Arrue M. (Panama)

9:50am – 10:00am. Irreparable Rotator Cuff Tears: A Management Algorithm – Dr. Francisco Alarcón (Chile).

10:00am – 10:10am. Botulinum toxin: a new strategy for repairable massive rotator cuff tears – Dr. Rodrigo Vargas (Colombia).

10:10am – 10:20am. SCR with semitendinosus autograft – Dr. Elias León (Guatemala).

10:20am – 10:30am – Lower Trapezius Transfer vs Upper Capsule Reconstruction (SCR): Evidence and Choice – Dr. Christian Lozano (Perú).

10:30am – 10:40am. Latissimus Dorsi and Lower Trapezius transfer: When and Why – Dr Paul Patiño (Bolivia).

10:40am – 10:50am. Return to Work and Sports after Posterior Latissimus Dorsi Transfer for Posterior Superior Irreparable Rotator Cuff Tears - Dr. Luis A. Miranda (México).

# SOCIEDAD LATINOAMERICANA DE HOMBRO Y CODO

**PRESIDENTE**

Dr. Alberto Rivera Rosado  
**PRIMER VICEPRESIDENTE**

Dr. Felipe Reynares Silva  
**SEGUNDO VICEPRESIDENTE**

Dr. Paul Patiño Robles  
**SECRETARIO GENERAL**

## SHOULDER INSTABILITY SESSION

Session Chair: Humberto Arrue MD (Panama)

10:50am – 11:00am. How to Avoid Failure in Shoulder Instability Surgery – Dr. Fabricio Fabela (Mexico)

11:00am – 11:10am. Dynamic Anteroinferior Shoulder Stabilization: What Do We Know in 2026? - Dr. Alberto Guevara (México)

11:10am – 11:20am. Subscapularis-sparing Dynamic anterior stabilization: the “Supersling technique” Dr. Roberto Pareyón (México).

11:20am – 11:30am. Step-by-Step Guide to a Successful Latarjet Procedure – Dr. Arnaldo Ferreira (Brasil).

11:30am – 11:40am. Open Latarjet: Reduced Graft Resorption with Less Fixation Hardware — A Comparative Study – Dr. Felipe Toro (Chile).

11:40am – 11:50am. Radiologic Evaluation of Posterior Shoulder Instability – Dr. Juan C. Pretto (Panamá)

11:50am – 12:00am. Arthroscopic Bone Block for Posterior Shoulder Instability: Indications and Surgical Strategy – Dra. Daniela Gutiérrez (Colombia).

12:00am – 12:10pm. Posterior Shoulder Dislocation and Its Complications: A Case Report – Dra. Amara Gantier (Bolivia).

12:10pm – 12:20pm. Instability Arthropathy Following Anterior Glenohumeral Instability: Do Surgical Techniques Influence Its Development and Progression? A State-of-the-Art Review – Dr. Pedro Melean (Chile)

12:20pm – 12:30pm. OSVANDRÉ LECH LECTURE. Dr. Osvandré Lech (Brasil)

12:30pm – 12:50pm. **LUNCH BREAK**

Dr. Humberto A. Arrue Montenegro  
**PRESIDENTE**

Dr. Alberto Rivera Rosado  
**PRIMER VICEPRESIDENTE**

Dr. Felipe Reynares Silva  
**SEGUNDO VICEPRESIDENTE**

Dr. Paul Patiño Robles  
**SECRETARIO GENERAL**

# SOCIEDAD LATINOAMERICANA DE HOMBRO Y CODO

## ELBOW AND MISCELLANEOUS SESSION

Session Chair: Felipe Reynares MD (Chile)

12:50 – 1:00pm. 1:10pm. Use of the biceps as a biological augmentation in rotator cuff repair. When to choose rerouting, biceps smash or SCR – Byron Torres (Ecuador)

1:00pm – 1:10pm. Importance of biomechanics in the shoulder world – Dr. Giovanni Di Giacomo (Italy).

1:10 – 1:20pm – Systematic evaluation of movement alterations of the scapula – Dr. Guido Fierro (Colombia).

1:20pm – 1:30pm. STAM: Nerve Release, Scapulopexy, and Tendon Transfers – Dr. Pedro Pelaez (Mexico).

1:30pm – 1:40pm. Pectoralis Major transfer in the management of deltoid insufficiency – Dr. José Carlos García (Brazil).

1:40pm – 1:50pm. Operative Management of Scapular Fractures: Indications, Techniques, and Outcomes – Dra. María Rodríguez (Dominican Republic)

1:50pm – 2:00pm. Clavicle fractures: Treatment options Dr. Nahuel Cabrera (Argentina)

2:00pm – 2:10pm. Acromioclavicular dislocation: does the perfect fixation method exist? Dr. Ariel De La Rosa (Mexico).

2:10pm – 2:20pm. Treatment of sternoclavicular dislocation – Dr. Luis Náquira (Colombia).

2:20pm – 2:30pm. Non surgical treatment for proximal humerus fractures – Dr. Iván Encalada (México).

2:30pm – 2:40pm. Complex proximal humeral fracture reconstruction with structural grafts – Dr. Daniel Ponce De León (Perú).

2:40pm – 2:50pm. Ten tricks for a successful MIPO in humeral diaphysis – Dr. Jesús Palacios (Paraguay).

2:50pm – 3:00pm. Non-Anatomic Radial Head Arthroplasty in Elbow Fracture-Dislocations: Indications and Outcomes – Dr. Felipe Reynares (Chile)

Dr. Humberto A. Arrue Montenegro  
**PRESIDENTE**

Dr. Alberto Rivera Rosado  
**PRIMER VICEPRESIDENTE**

Dr. Felipe Reynares Silva  
**SEGUNDO VICEPRESIDENTE**

Dr. Paul Patiño Robles  
**SECRETARIO GENERAL**

# SOCIEDAD LATINOAMERICANA DE HOMBRO Y CODO

3:00pm – 3:10pm. Total Elbow Arthroplasty for Elbow Fractures – Dr. Max Ekdahl (Chile).

3:10pm -3:20pm. Recalcitrant Lateral Epicondylitis: When Pain Conceals Elbow Microinstability – Dr. Luis Simonetti (Argentina).

3:20pm – 3:30pm. Unmasking Varus Posteromedial Rotatory Instability in “Isolated” Coronoid Fractures – Dr. Christian Domínguez (Chile)

3:30pm – 3:40pm A Year of Progress: SLAHOC Presidential Report – Dr. Humberto A. Arrue M. (Panama).

3:40pm – 3:50pm. Remarks from the incoming SLAHOC President. Dr. Alberto Rivera (Puerto Rico).

Dr. Humberto A. Arrue M.

President
